Is Freshman Advising Seminar Evolutionary?

First year seminar is regarded as an logical and effective strategy for group advising. Yonsei University, a four year private university with over 4,000 freshmen, is offering freshman advising seminar, Yonsei RC 101, as compulsory course for all freshmen. This course was originated from pre-enrollment program for early admitted students, gradually has been developed to this status quo. Its evolutionary process and topics covered will be shared with the audience, who are interested in utilizing the freshman advising seminar as valuable avenue for group advising for freshman.
